PRESS RELEASE

Nonprofit and for-profit builders come together to build better communities and impact lives.

Monrovia, CA, November 2, 2021- C.W. Driver Companies (C.W. Driver Cos.), a more than 100-year-old for-profit builder serving California since 1919, is well known for its expansive portfolio of projects in a wide array of industries. Just as they focus on building better communities and lives in the work they do every day, C.W. Driver Cos. has partnered with [San Gabriel Valley Habitat for Humanity](http://sgvhabitat.org) (SGV Habitat) to build stronger communities through affordable homeownership and home repair with a Giving Tuesday match promise. All donations made to SGV Habitat on November 30, will be matched – up to \$5,000.

This generous match, and donations that stem from it, will impact individuals and families throughout the San Gabriel Valley, adding to the over 20 families who have already been able to build or repair their own homes since SGV Habitat's Expanding the American Dream campaign. The campaign, which was announced in January 2021, seeks to raise funds with an ambitious goal of serving 100 families through affordable home ownership and home repairs by December 2024.

Through their REACH! Program, C.W. Driver Cos. has provided support to over 80 charities throughout Southern California. This is the first time the organization has partnered with SGV Habitat.

"This type of partnership is a natural expansion of what C.W. Driver Cos. already does. It sets an example of how for-profit and nonprofit builders can work together to build stronger communities by investing in families and individuals in pursuit of their own American Dream," says Bryan Wong, Executive Director of SGV Habitat, "We are so grateful for C.W. Driver Cos., and look forward to building great things with them in the future."

"C.W. Driver is proud to partner with SGV Habitat. For over 100 years, creating better communities through the construction of unique and inspiring spaces has been at the heart of our business. This unique opportunity to work with our nonprofit counterpart is a natural extension of what we do. We look forward to working together to help build stronger communities where families can turn dreams into reality and thrive," says C.W. Driver CEO Dana Roberts.

Individual donors and corporate donors are invited to participate in the Expanding the American Dream Campaign, the largest fundraising campaign in SGV Habitat history, by visiting sgvhabitat.org/ead for more information and to donate.

Driver Companies on [Facebook](#), [Twitter](#) and [LinkedIn](#).

About San Gabriel Valley Habitat for Humanity

Driven by the vision that everyone needs a decent place to live, a small group of committed volunteers founded San Gabriel Valley Habitat for Humanity in 1990. Fueled by the generosity of volunteers and donors, we've served over 200 families in our local community and abroad. Families and individuals partner with Habitat to build or improve a place they can call home. Habitat homeowners receive a hand up, not a handout, as they help build their own homes alongside volunteers. All Habitat homebuyers pay an affordable mortgage. Through financial support, volunteering or adding a voice to support affordable housing, everyone can help families achieve the strength, stability, and self-reliance they need to build better lives for themselves. To learn more, visit sgvHabitat.org.
